what would happen to your business if you lost your domain name or hosting?

Failing to renew your domain name will mean the loss of your website and email, dealing a real blow to your business. Choose peace of mind with our 'safety net system' and ensure yours stay protected.

"We first bought our domain name and hosting from an online provider for a really reasonable price - it was cheap! But, two years on, we missed the automated renewal message from the provider and lost everything as a result. The domain name was all over our company vehicle, email, branding - the lot. We were distraught.

Someone recommended LWS to us and to our utter relief they managed to retrieve the lot. We immediately moved all the administration of our domains to LWS. Their 'safety net system' means our domains stay protected - and our business gets personal service, not an automated system. Never again would we put our business at risk for the sake of a few more pounds each month.

domains

Your domain name, or URL, is a key part of your brand – the name above your online door. Don't take risks with it. We can help you choose the right one (often key to search engine rankings) and ensure, once bought, it stays safe.

At renewal time our five-step 'safety net system'* will ensure it does not unintentionally lapse - or worse - get bought by someone else. A small price for peace of mind.

- **£25** for a .co.uk for 2 years
- **£25** for a .com for 1 year
- **£25** for a .net for 1 year

Please see our website for other domain extension prices, for example .tv .biz .org

hosting

So you've invested in your site and it looks great. But how would your business be affected if no-one could see it or you couldn't receive email? The quality and price of hosting varies enormously, so why take the risk of your site being down for hours on end, costing you money in lost sales or leads?

We offer four hosting packages to suit you, whether you are a small business with a brochure website or a retailer with a busy e-commerce site. Secure, reliable and efficient - with one of our team on the end of the phone for any queries.

- **Business Start Up £75** (just £6.25 per month)
- **Business Basic £120** (just £10 per month)
- **Business Pro £240** (just £20 per month)
- **E-Commerce £360** (just £30 per month)

PLUS...

- **Bespoke** - specialist dedicated monthly hosting package from £150 per month for exceptionally high traffic sites.

* Safety Net System: For domains, you will receive an invoice 2 months before your domain renewal is due. If we do not receive payment within 1 month we will follow up with an email and a phone call, plus two urgent reminders before letting it lapse. We reserve the right to let your domain lapse if we do not receive payment before the domain renewal due date.

For hosting, you will receive an invoice on the 1st March each year for the hosting period 1st May to 30th April. Please feel free to discuss which package works best for you - upgrades and downgrades can be made on request. We also offer monthly payment schemes - please ask for details. We reserve the right to cease your hosting service if payment is not received by the hosting renewal due date.
